Restart, retrigger, press rewind and you just come  
again  
Reset, reprogramme, wheel it back and you just come  
again  
Restart, retrigger, press rewind and you just come  
again  
Reset, reprogramme, wheel it back and you just come  
again

Funny how, when in love, everything your baby does  
has meaning  
Then it ends, love is spurned and then your sanity  
returns you seething  
What do you do?  
You scream you shout you fall about, you do whatever  
suits ya  
Yourself control is left to doubt  
Revenge it seems so right  
You weep you wail you tell your tale  
To anyone who'll listen  
Then when you find the time to chill, discover life is out  
there still, so

Find a way to start it again  
Bring it back and start it over  
Find another way to begin  
Fade to grey and turn it over  
Find a way to start it again  
Bring it back and start it over, again, again, again

Most of us in our lives, made a choice and sacrificed  
our feelings  
And who's to say, that you're okay, when you feel like  
the layers of your soul are peeling  
Oh and I know, all you want is solitude, 'cause you're  
ain't in the mood  
But you gotta find a way to start again, so

Chorus

Restart, retrigger, press rewind and you just come  
again  
Reset, reprogramme, wheel it back and you just come  
again  
Restart, retrigger, press rewind and you just come  
again  
Reset, reprogramme, wheel it back and you just come  
again

Oh and I know, all you want is solitude, 'cause you're  
ain't in the mood  
But you gotta find a way to start again

Restart, retrigger, press rewind and you just come  
again  
Reset, reprogramme, wheel it back and you just come  
again  
Restart, retrigger, press rewind and you just come  
again  
Reset, reprogramme, wheel it back and you just come  
again

Chorus (x3)
