(Let it be known, it's all good, it's all right now)
(it's all good, it's all right, it's all good)
And that's alright (so right)
Alright (so right)
So right
We know that all things work together for our good
Tell you 'bout it (and that's alright)
So right

Good love is worth the finding
In special hearts residing
My people never doubt it coming your way

We're breaking every fetter
Though tough we make it better
My people open up your eyes
And see your day

We know that all things work together for our good (yes they do)
And that's alright
Alright
We know that all things work together for our good (yes they do)
And that's alright
And that's alr-i-i-ght

(ahh yeah, that's alright)
Won't you sing it again
(ahh yeah, that's alright)

Our race of soul survivors
Though history denied us
Our given right to stand as man and woman

The day of celebration
Has come throughout our nation
We knew inside our hearts the trouble was never in vain

We know that all things work together for our good (yes they do)
And that's alright

Alright
We know that all things work together for our good
(and I know)
And that's alright

I got the fever for bigging up all our crew
I got the reason that I should be loving you
Look in the mirror I can guarantee you'll see
(Beautiful people)
(Wonderful ways)

I never worry cos love is a natural thing
Everybody got the something that they can bring
To mix together the formula for the positive feeling
Season of healing
Look how far we've come this way
Looking for a better day

Alright
(and that's alright, so right)
(alright, so right)
Said it's alright
Alright, alright, alright, alright, alright, alright
And that's alright (so right)

Sing it to me now... all things work together for our
good (yes they do)
For the good of those who love
And that's all good
All things work for better (gotta work together)
When people learn to love

We know that all things work together for our good (let
me sing about it)
And that's alright (so right)
Alright (so good)
We know that all things work together for our good
(and that's alright)
And that's alright

We know that all things work together for our good
(think about it)
And that's alright (so right)
Alright (alright)
We know that all things work together for our good (I
know, I know)
And that's alright
So right
So good

And it feels good

(Work together for our good)
Let me shout it out
(that's alright, so right)
(Alright, so right)
Said it's all good
So good
(Work together for our good)
(And that's alright)
(That's alright)
