You don't have to try explaining
I already heard
Said it with your eyes, I felt it
I don't need words
So our story ends, in silence
Another chapter closed...
Once again I face this world alone

I didn't call it
You said you had to get away
Our love belongs to yesterday
So now I'm on my own
I didn't call it
You disappeared without a trace
To all my friends I'm saving face
It's like you've turned to stone

Lonely is a friend from past lives
I guess he'll come around
But I will not descend into bad times
No I won't let me down
That's the way I plan to handle
This love that fell apart
All I want is you to help me start...

I didn't call it
You said you had to get away
Our love belongs to yesterday
So now I'm on my own
I didn't call it
You disappeared without a trace
To all my friends I'm saving face
It's like you've turned to stone

So our story ends, in silence,
Another chapter closed...
Once again I face this world alone...

I didn't call it
You said you had to get away
Our love belongs to yesterday
So now I'm on my own

I didn't call it
You disappeared without a trace
To all my friends I'm saving face
It's like you've turned to ston
