(instrumental)

Here comes the heavy weight
Generation Beyblade
Coming on strong
Like the son of King Kong

(mini instrumental)
Going super charged
Cause we wanna hit them large

(instrumental)

3, 2, 1
Hitting like a hurricane
Blowing everyone away
Pounding like thunder
We are gonna pull them under
Here comes victory
Generation beyblade

Gotta spin them live
With the king of overdrive
Round after round we keep on winning
We're taking them out with the beyblade spinning
On and on that stuff is just winning
Beyblade just keeps on ripping

(instrumental)

On and on that's just not winning
Beyblade just keeps on ripping
3, 2, 1

(instrumental)

Beyblade just keeps on ripping, yeah
