Thought you picked up my name but you forgot about
my home game,
Thought your could take me down, sucka take me
down now here we go

Thought you could take me down, whats up you forgot
about my old school,
If you wanna teach me something new you better teach
yourself

Thought you picked up my name but you forgot about
my home game,
Thought your could take me down, sucka take me
down now here we go

Thought you could take my group, whats up you forgot
about my old school,
If you wanna teach me something new you better teach
yourself

Swing now, Swing low if you wanna Beyblade,
Swing now, Swing low let it rip, Beyblade!

Swing now, Swing low never with a beyblader,
Swing now, Swing low let it rip, Beyblade!

Swing now, Swing low if you wanna Beyblade
Swing now, Swing low let it rip, Beyblade!

Swing now, Swing low if you wanna Beyblade,
Swing now, Swing low let it rip, Beyblade!

Thought you picked up my name but you forgot about
my home game,
Thought your could take me down, sucka take me
down now here we go
