Baby you're the only man that I want  
Baby you'e the only man that I love  
Baby you'e the only man that truely makes me happy  
So happy

Baby you're the only man that I want  
Baby you're the only man that I love  
Baby you're the only man that truely makes me happy  
So happy  
I'm sooo happy I met you

It's been a crazy afternoon  
And I can't wait till I get home to you  
Cause I've been thinking about you all day long  
I hope you miss me boy, cause here I come  
Boy I love the way you move  
And I am love love with you  
Sometimes I wonder how it feels to be as beautiful as  
you  
Baby

Baby you're the only man that I want  
Baby you'e the only man that I love  
Baby you'e the only man that truely makes me happy  
So happy

Baby you're the only man that I want  
Baby you're the only man that I love  
Baby you're the only man that truely makes me happy  
So happy  
I'm sooo happy I met you

And I love the things you do  
Baby only I can get close to you  
The thought I fell in love with you  
You got the quailities I've been lookin for  
So glad  
I'm so dangerously in love with you  
When I'm with chu boo  
Your so good to me  
And that's why I'm happy I met you

Baby you're the only man that I want  
Baby you'e the only man that I love  
Baby you'e the only man that truely makes me happy  
So happy

Baby you're the only man that I want  
Baby you're the only man that I love  
Baby you're the only man that truely makes me happy  
So happy  
I'm sooo happy I met you

You make me happy  
Put a smile on my face  
Just thinking about you  
(I'm so happy I found you)  
You make me happy  
Put a smile on my face  
Just thinking about you  
(I'm so happy I met you)  
I'm your baby  
Throughout my day

I do love you  
(So happy I met you)  
You make me happy  
Put a smile on my face  
Thinking about you(yeaaa)  
I'm so happy I met you

Baby you're the only man that I want  
Baby you'e the only man that I love  
Baby you'e the only man that truely makes me happy  
So happy

Baby you're the only man that I want  
Baby you're the only man that I love  
Baby you're the only man that truely makes me happy  
So happy  
I'm sooo happy I met you
