[Verse]

They love the way I walk

'Cause I walk with a vengeance

And they listen to me when I talk 'cause I ain't
pretending

It took a while, now I understand just where I'm going

I know the world and I know who I am

'Bout time I show it

[Bridge]

And I'm movin' (Down like that, down like that)

When I do it (Down like that, down like that)

[Post-Chorus]

I can be bad if I want

I can go slow all night long

[Chorus]

I'm a grown woman

I can do whatever I want

Now, 'betcha I run this

'Cause I put it (down like that, down like that)
