Boy you'll be the death of me
You're my James Dean
You make me feel like I'm seventeen
You drive too fast, smoke too much
But that don't mean a thing
Cuz I like the rush

Cuz I'd rather die young
Then live my life without you
I'd rather not live at all
Then live my life without you

Cuz I'd rather die young
Then live my life without you
I'd rather not live at all
Then live my life without you

You know I've been in love before
You're the first one I've ever seen
That burns like gasoline
So light a match
Turn off the lights
I'm holding onto you
Cuz this might be our last night

Cuz I'd rather die young
Then live my life without you
I'd rather not live at all
Then live my life without you

Cuz I'd rather die young
Then live my life without you
I'd rather not live at all
Then live my life without you

When I'm telling you
I'm giving you my life
It's in your hands
And what I'm gonna do
Is be a woman and you can be a man
And I wanna say it
Nobody understands what we been thru

Id rather give up everything
than to live my life, my life without you
youu oh
youuu ohh
youuuuu ohh

Cuz Id rather die young
Then live my life without you
Id rather not live at all
Then live my life without you

Cuz Id rather die young
Then live my life without you
Id rather not live at all
Then live my life without you
