**(feat. Mekhi Phifer)**

*[Beyonce]* - You know you really, really, really, really,  
want to be with me  
So why don't you stop beating around the bush  
and come and give it to me  
Derek we can make beautiful music together  
if you only stop resisting the only woman that you really  
want  
and its not wifey

*[Mekhi]* - Hey! You're real social  
I don't like the way you're looking  
Don't get too close  
I'm about to take you down to booking

*[Beyonce]* - C'mon and touch me D I know you want to

*[Mekhi]* - Look, I only need your prints,  
don't really care about your frontal

*[Beyonce]* - I don't see me living another day  
without your tender kisses  
Why don't we retire to the room,  
put on some Luther, light some incents  
Get to know one another just a little better  
than we do now

*[Mekhi]* - You trying to act like I'm not a cop

*[Beyonce]* - You can bring the cuffs, if you would like to,  
if that's your style

*[Mekhi]* - Looks let's get it straight, you cease and disist  
I got some platinum bracelets  
I'm about to squeeze on ya wrists

*[Beyonce]* - But you don't understand the way that I  
feel,  
the pain I could heal

*[Mekhi]* - I could lose my job for this,

there is no way we could chill  
[Beyonce] - So why you bring me this far,  
now let's try to be real  
Cause only time will reveal  
if you still playing the field  
Every second that you stay is like an hour we will  
I got a couple days to kill,  
either you down or you peel

I don't want anything without you in my life,  
you are my baby  
Why don't you forget about your girl  
and say you want me as your lady  
Get to know one another just a little better  
than we do now  
Give in to everything you're feeling and surpressing  
Let's make love now

[Mekhi] - Nah, I don't think so,  
your body is like weed smoke though  
Light-headed, feel ya eyes saying please don't go

[Beyonce] - It ain't about getting locked  
cause it's your steeze I need  
My heart don't lie, come over D and feel my beat

[Mekhi] - Oh no! Cause I can see your skin is soft  
You know, but I dont wanna pay the cost to be with you

[Beyonce] - You can't deny your feelings for us,  
you know it's true

[Mekhi] - I've got a girl, but really now I'm feeling you  
I wanna do it, but I don't  
You know, I'd feel your vibe, but I'm so full of decency

[Beyonce] - Go with your instints and I'm sure it leads to  
me  
There's only one way to see if it is to be...
