How ya doin', hug me baby
Ya know i don't ask for much-but
For a girl spendin time alone can be pretty ruff-but
I get a knock on my door
Ya know it's yours fa sho
We can't wait for the bedroom, so we just hit the floor

Is ya'll alright
I don't know, but i know what's happened to me girl
Hey
Is ya'll alright
Uh, break it down now
Is ya'll alright
I don't know, but i know what's happened to me girl
Hey
Is ya'll alright
Uh, break it down now

Hook:
He gotta work it out
He gotta work it out
Brotha gotta work it out
Oooooohhhooooo

Chad blow ya horn now
C'mon Chad blow ya horn now
Chad blow ya horn now
I said Chad blow ya horn now

So we're shakin back and forth, yeah
Just keep it cumin' babe
Treat my body like a guitar
Ya gotta, ya gotta keep on strummin'
But in the back of my mind (i'm thinkin)
Is it gonna be the last time
Cuz' if it aint about lovin' and u gon keep it cumin
Well baby wit me that fine

Is ya'll alright
I don't know, but i know what's happened to me girl
Hey
Is ya'll alright

Uh, break it down now
Is ya'll alright
I don't know, but i know what's happened to me girl
Hey
Is ya'll alright
Uh, break it down now

Hook

So baby hold me like u don't wanna let go
I'm feelin foxy, cuz boy you're workin it out
My luv, you've given me a taste of your honey
I want the whole beehive
I gonna give you a taste of my sugar
To fly, have the sweetest time
