[Verse 1: Andre 3000]

I, I, I left no time to regret  
Kept my dick wet with that same old bet  
Oooh you

You and your head high and your tears dry  
Get on without your guy and I, I, I went back to a new  
So far removed from all that we went through  
And you and you you, you tread a troubled track  
Your odds are always stacked, you'll go back to black

[Hook: Andre 3000]

We only said goodbye with words  
I died a hundred times  
I go back to her and you go back to, (you go back to)

[Verse 2: Beyonce]

I, I loved you much, it's not enough  
I love blow and you love puff  
And life, is like a pipe  
And I'm a tiny penny rollin' up the walls inside

[Hook: Beyonce]

We only said goodbye with words  
I died a hundred times  
You go back to her and I go back to  
We only said goodbye with words  
I died a hundred times  
You go back to her  
And I go back to, I go back to black
