Ft. Missy Elliot lyrics

(Missy)

I was in love

Thats what it was when I met

In love

And no one could ever talk bout you

But it sucks, so many and alabies

I love mmmm

Crazy feelings

Make me stay in love wit you

Crazy feelings

Make me stay in love wit you

(Beyonce)

So in love

I just didn't see the wrong you did

In love

But now that I know I can admit

It was the love that made me a fool silly fool

In love uh, crazy feelings

Crazy feelings

Make me stay in love wit you

Crazy feelings

Make me stay in love wit you

(Missy)

It was always in my face, all the time

Even wit 20/20 vision, I couldn't see you lie

It was always in my face, all the time

Even wit 20/20 vision, I couldn't see you lie

Crazy feelings

Make me stay in love wit you

Crazy feelings

Make me stay in love wit you (repeat until end)
