Wohoao
I know that you
Treat me right
But still I think bout
Make u my next ex
Come on to the next
And I think you're nice
But I saw something else
That I like
And I think about
Making you my next ex
Come one to the next
Ooooh

To day when I wake up
You didn't look the same
As last night
And it just don't feel
Right anymore
I think
That we should break up
There's no reason
To make up
I won't fight
I'm just tired
And I need a change

I as
I what u
Got me bother
There's something
Cathing my eye
I was only satisfied
For a little while
I gotta
Shut ur mouth
Shut ur mouth
Shut ur mouth
Kick him out
Kick him out
Kick him out
Woahoooah, ooh

I know that you
Treat me right
But still I think bout
Make u my next ex
Come on to the next
And I think you're nice
But I saw something else
That I like
And I think about
Making you my next ex
Come one to the next
Ooooh

You call me
Too frequently
I thought it was
So sweet
In the beginning
But now
You're too clingy for me
You don't put the seat down
You don't clean the house
How I like it, tryfling
That's reasining up
You're time's expired

I as I what u
Got me bothered
I got to be
Moving around
If I ain't
Gonna ring by now
That means
I'm not tied down
I gotta
Shut ur mouth
Shut ur mouth
Shut ur mouth
(Ooh, ooh)
Kick him out
Kick him out
Kick him out
Woahoooah, ooh

I know that you
Treat me right
But still I think bout
Make u my next ex
Come on to the next
(to the next)

And I think you're nice
But I saw something else
That I like
And I think about making
You my next ex
Come one to the next
Ooooh

Ooooh, ooh, ooh, ooh
Ooh ooh ooh, ooh ooh
Ooh, ooh, ooh, ooh, ooh
Ooh, ooh, ooh, ooh, ooh

I gotta
Shut ur mouth
Shut ur mouth
Shut ur mouth
Kick him out
Kick him out
Kick him out
Woahoooah ooh

I know that you
Treat me right
But still I think bout
Make u my next ex
(Eeex)
Come on to the next
And I think you're nice
But I see something else
That I like
And I really think about
Making you my next ex
Come one to the next
Ooooh
