Sort of feels like a€¦, no it's feels like hell  
I was so in love with her, gave it all to her  
And what did she gave to me?  
A 911 call, and now I'm I n a state of emergency  
And on top of all the bunch of lies  
It made me look crazy  
I guess some people live by the drama  
And maybe some people like bad karma  
But it's really not up to me  
But for her it's hard to move on, it's obvious  
That's she'sâ€¦ on Twitter, talking all that shit  
Why is that?  
Cause I know that you miss me, miss me

[Beyonce]

I miss you, like everyday  
Wanna be with you, but you're away  
Said I miss you, missing you insane  
But if I got with you, could it feel the same  
Words don't ever seem to come up right  
But I still mean them, why is that?  
It hurts my pride to tell you how I feel  
But I still need to, why is that?

I miss you, like everyday  
Wanna be with you, but you're away  
I moved on  
Said I miss you, missing you insane  
Gotta leave you alone  
But if I got with you, could it feel the same  
I don't want too

It don't matter who you are  
It's so simple, I feel it  
But it's everything no matter who you love  
It is so simple, I feel it  
But it's everything X 2  
I miss you, like everyday  
Wanna be with you, but you're away  
I said I miss you, missing you insane

But if I got with you, could it feel the same.
