wohoao
i know that you treat me right
but still i think i gotta make u my next ex
I'm on to the next
and i think you're nice but i saw something else i like
and i think i gotta make you my next ex come one to
the next
ooooh

to day when i wake up you didn't look the same as last
night
and it just dont feel right anymore
i think that we should break up
there's no reason to make up
i won't fight
i'm just tired and i need a change

sorry boy but you got me bored and
something cathing my eye
i was only satisfied for a little while
i gotta switch em out switch em out switch em out
switch em out
kick him out kick him out kick him out
woahoooah ooh

i know that you treat me right
but still i think i gotta make u my next ex
I'm on to the next
and i think you're nice but i saw something else that i
like
and i think i gotta make you my next ex come one to
the next
ooooh

you call me too frequently
i thought it was so sweet in the beginning
but now you're too clingy for me
you don't put the seat down
you don't clean the house how i like it, tryfling
that's reasing up

you're time's expired

i as i what u got me bothered
i got to be moving around
if i ain't gonna ring by now
that means i'm not tied down
i gotta i gotta switch em out switch em out switch em
out switch em out(ooh ooh)
kick him out kick him out kick him out
woahoooah ooh

i know that you treat me right
but still i think i gotta make u my next ex
i'm on to the next (to the next)
and i think you're nice but i saw something else that i
like
and i think i gotta make you my next ex come one to
the next
