Ring the alarm
I've been thru this too long
But IÂ'll be damned if I see another chick on your arm

Won't you ring the alarm
I've been thru this too long
But IÂ'll be damned if I see another chick on your arm

She go be rocking chinchilla coats
If I let you go
Gettin' the house off the coast
If I let you go
She gonna take everything I own
If I let you go
I canÂ't let you go
Damned if I let you go

She gone rock dem VVS stones
If I let you go
Couped in the back of the Rolls
If I let you go
She gonna profit everything I taught
If I let you go
I canÂ't let you go
Damned if let you go

Tell me how should I feel
When I know what I know
And my female intuition
Telling me you a dog
People told me bout the flames
I couldnÂ't see through the smoke
When I need answers, accusations
What you mean you gone choke? (Oh)

You canÂ't stay, you gotta go (Oh)
AinÂ't no other chick spending your dough
This is taking a toll
The way the story unfolds
Not the picture perfect movie everyone would've saw

She go be rocking chinchilla coats

If I let you go
Gettin' the house off the coast
If I let you go
She go take everything I own
If I let you go
I can't let you go
Damned if I let you go

She gone rock them VVS stones
If I let you go
Couped in the back of the Rolls
If I let you go
She gonna profit everything I taught
If I let you go
I can't let you go
Damned if let you go

Ring the alarm
I've been thru this too long
But I'll be damned if I see another chick on your arm

Won't you ring the alarm
I've been thru this too long
But I'll be damned if I see another chick on your arm

Tell me how should I feel
When you made me belong
And the thought of you just touching her
Is what I hate most
I don't want you but I want it and I can't let it go
To know you give it to her like you gave it to me,
babycome on (Oh)

He so arrogant and bold (Oh)
But she gon' love that sh!t I know
I done put in a call
Time to ring the alarm
Cause you ain't never seen a fire like the one I'ma
cause

She go be rocking chinchilla coats
If I let you go
Gettin' the house off the coast
If I let you go
She go take everything I own
If I let you go
I can't let you go
Damned if I let you go

She gone rock them VVS stones
If I let you go

Couped in the back of the Rolls
If I let you go
She gonna profit everything I tought
If I let you go
I can't let you go
Damned if let you go

How can you look at me
And not see all the things that I keep only just for you
Why would you risk it baby is that the price that I paid
(Ooh ooh ooh)
But this is my show and I won't let you go
All it's been paid for it, and it's mine!
How could you look at me
And not see all the things

She'll be rocking chinchilla coats
If I let you go
Gettin the house off the coast
If I let you go
She go take everything I own
If I let you go
I can't let you go
Damned if I let you go

She gon rock dem VVS stones
If I let you go
Couped in the back of the Rolls
If I let you go
She gon profit everything I taught
If I let you go
I can't let you go
Damned if I let you go!!
