"Stop Sign"

I like to feel so high and
You feel good feeling low
I like my colours vivid
And you paint your colors gone
I like to see the world and you like your week in tone
But I've been taining behind while you refused to go

[Chorus:]

'Cause you're such a burden
But you're the weight above my shoulders
'Cause even though I'm hurting
It still feels like it's time I'm growing
When I thought that we'd grow up and grow together
the same time
Guess I passed you by at that old "Stop" sign
At that old "Stop" sign

You like to sleep all day and I like my minutes
I like trips to the movies you watch TV all night long
I like to go out dancing and you go out just to hang
And I've been right beside you losing me and doing the
same

[Chorus:]

'Cause you're such a burden
But you're the weight above my shoulders
'Cause even though I'm hurting
It still feels like it's time I'm growing
When I thought that we'd grow up and grow together
the same time
Guess I passed you by at that old "Stop" sign
At that old "Stop" sign

I looked around and baby you were gone
Where did I lost you honey
I even slow down thought you'd fall low
But you took your own roads honey
'Cause I've been traveling traveling traveling
No lead to find you
I'm making this trip alone

And I've been staying behind while you refused to go

[Chorus:]

'Cause you're such a burden

But you're the weight above my shoulders

'Cause even though I'm hurting

It still feels like it's time I'm growing

When I thought that we'd grow up and grow together
the same time

Guess I passed you by at that old "Stop" sign

At that old "Stop" sign
