(borg, dregen, carlsson)

I don't care what you say 'cause i'm born to lose
And I don't give a damn if i'm a fool for you
Uh! look out!

All messed up this time 'cause i've been walking
round with myself
I'm just a dead end cruiser didn't mind to use it
Now it's happened to me all over again

Somewhere deep inside there's a neon sign
Tells me where to ride, man
When i'm bombed out of my mind

I was desperate for a place to put out my cigarette
I found love in the nick of time
And that is something that I really don't have
I don't care if I live or die, man

You wanna come with me
You wanna ride with me
You wanna blow this town
'cause I ain't got time to show you

All my secrets are buried down here
And I will show them if you want me to
A white night space rocket in sight
It's so beautiful with valleys and heights

Somewhere deep inside there's a neon sign
Tells me where to ride, man
When i'm bombed out of my mind

I was desperate for a place to put out my cigarette
I found love in the nick of time

I was desperate for a place to put out my cigarette
I found love in the nick of time
And that is something that I really don't have
I don't care if I live or die, man
