He's like a king
In her eyes he's everything
Nitroglycerine
Exploited teens
She had no regrets
But she was no suffragette

They had a deal, Idols for real, Yeah
They're chasing the sun
The hero and the heroins run
Everything won
But they're gone
And they hade just begun

I hear the wolverine
Like an evil serpent
Lady nicotine
She got to be the queen
Here they were young
Can live 'til kingdom come

It was a deal, Idols for real, Yeah
They're chasing the sun
The hero and the heroins run
Everything won
But they're gone
And they hade just begun

He'd like to be her brother in arms
In harmony a never ending dream
But all she's gonna be is naked and disarmed
Didn't want to be in a happy ending scene

No novelties, It's over now
Don't break a deal, Idols for real
Yeah
They're chasing the sun
The hero and the heroins run
Everything won
But they're gone
And they hade just begun x2
And now they are gone x3
