I walk in the rain and the street seems to last forever  
All I've ever seen got taught to believe is insane  
And now it's too late I hang on to a fading memory  
Nothing would be like what I thought it would be like  
that I hate

I got spades

Diamonds made me heartbroken always leave when  
clubs open  
Someone's got a hold all the spades

I drag and I haul but you couldn't care less about me  
I'd rather hang out with the dogs in the yard than be a  
brick in the wall

YEAH

I walk in the rain and there's another one around the  
corner  
Names they change but the faces remain the same

I got spades

Diamonds made me heartbroken always leave when  
clubs open  
Someone's got a hold all the spades  
And diamonds are forever meet and get together  
Someone's got a hold all the spades

Diamonds made me heartbroken always leave when  
clubs open  
Someone's got a hold all the spades  
And diamonds are forever meet and get together  
Someone's got a hold all the spades

You made me heartbroken always when the clubs open  
Someone's got a hold all the spades  
And diamonds are forever meet and get together  
Someone's got a hold all the spades
