Good girls go to heaven
Bad boys go to hell
And I believe in miracles
That's what my Jesus said

Rich man lives in whorehouse
They were always built on sin
But I swear to God that I will tell the truth
If I only knew what it was

On your own with a bad boy smile
Mama, kickin' up dust around you
On your own with a bad boy smile
I'm living my life without you

Good girls go to heaven
Bad boys go to hell
And I believe in miracles
That's what my Jesus said

Rich man lives in whorehouse
They were always built on sin
But I swear to God that I will tell the truth
If I only knew what it was

On your own with a bad boy smile
Mama, kickin' up dust around you
On your own with a bad boy smile
Living my life without you

One day I found my friend
But the old-man didn't know
He prayed to the lord and asked him why
He gave him a son like this
Father couldn't realise
And that really made me blue
Going down on the road to paradise
With a sixpack getting drunk

On your own with a bad boy smile
Mama, kickin' up dust around you
On your own with a bad boy smile

Living my life without you

Good girls go to heaven
Bad boys go to hell
And I believe in miracles
That's what my Jesus said

Rich man lives in whorehouse
They were always built on sin
But I swear to God that I will tell the truth
If I only knew what it was

On your own with a bad boy smile
Mama, kickin' dirt around you
On your own with a bad boy smile
Living my life without you

On your own with a bad boy smile
Mama, kickin' dirt around you
On your own with a bad boy smile
Living my life without you
