I searched the world  
Around for you  
In every corner  
I see two  
Ovations ought to  
Be for me  
What makes anybody  
Wanna be  
I'm sure you're lookin'  
Sure got your hooks in  
Its freezing, I'm so cold  
So damn right  
Minus me, minus you  
I think it's all because of  
I think it's all because of you  
Minus me, minus you  
I think it's all because of  
I think it's all because of you  
I care about now what's his  
Name? moral speakin  
Nor did I choose Fame  
What in the world  
Took you so long?  
The time is dripping

All fluids getting strong  
I'm sure you're lookin'  
Sure got your hooks in  
Its freezing, I'm so cold  
So damn right  
Minus me, minus you  
I think it's all because of  
I think it's all because of you  
Minus me, minus you  
I think it's all because of  
I think it's all because of you  
Hey  
Minus me, minus you  
I think it's all because of  
I think it's all because of you!  
Minus me, minus you  
I think it's all because of

I think it's all because of you  
I know its all because
