I call you they call you
Everyone's calling you my better half
I know you they don't do
Nobody will ever do and we don't care
I don't want to turn back the time
I don't want to follow the line
Still waiting not creating
Everything we do is better when we're two
Don't take it like I fake it
Everytime I try to say that i love you
I don't want to turn back the time
I don't want to follow the line
Because life is a road that is winding and dark
But i swear 'cross my heart so are you
Life is a road that is winding and dark
But i swear 'cross my heart so are you
Now you know it's true i believe in you
Yeah you know it's true I do care for you
I'm sorry you're sorry
But you can be sorry in a better way
It don't matter if I never
Never ever let you be the one I need
I don't want to turn back the time
I don't want to follow the line
Because life is a road that is winding and dark
But i swear 'cross my heart so are you
Because life is a road that is winding and dark
But i swear 'cross my heart so are you
So are you.....So are you.....
So are you.....So are you.....
