Let's keep in mind
The sweet relief
I've been waiting
Around so long
Almost
The past century
So let it be
This time's for real
I shouldn't've been
Around so long
Even the walls
Talk to me

I can hurt myself
I know I could
I guess
I got saved
By the bell

Now lower your guns
We'll meet again
There's something
In the air tonight
And it never seems
To get dark

I can hurt myself
I know I could
I guess
I got saved
By the bell

Bring down water
Bring down hell
Bring no tomorrow
I'm already
Somewhere else
I guess
I got saved
By the bell

I'll be a man

And stand up strait
One day
It will be over
Tou'll have
A big family

I can hurt myself
I know I could
I guess
I got saved
By the bell

Bring down water
Bring down hell
Bring no tomorrow
I'm already
Somewhere else
I guess
I got saved
By the bell

Do you know
What you can make?
Do you sacrifice
Or take?
Everything
For everyone
But nothing
For yourself
You know me
You know me
You know how far
I'll go
I guess
I got saved
By the bell

Bring down water
Bring down hell
Bring no tomorrow
I'm already
Somewhere else
I guess
I got saved
By the bell
I guess
I got saved
By the bell
I guess
I got saved
By the bell
