When you burn out, there is no doubt  
Nobody can hear you whine  
So little space, it's in your face  
Just draw the line then erase

I'm an armed detonator  
A natural born separator  
At the price of my time  
At the price of my motivation too

Only when you tell me  
You love me you lie  
Only when you tell me  
You love me you lie

You're really late, I cannot wait  
I will not stay for the night  
We separate and then we date  
The last page, terminate

I'm an armed detonator  
A natural born separator  
At the price of my time  
At the price of my motivation too

Only when you tell me  
You love me you lie  
Only when you tell me  
You love me you lie

I'm an armed detonator  
A natural born separator  
At the price of my time  
At the price of, at the price of  
At the price of my motivation too

Only when you tell me  
You love me you lie  
Only when you tell me  
You love me you lie

Can't make a promise

Last for life  
Only when you tell me  
You love me you lie

Only when you tell me  
You love me you lie  
Can't make a promise  
Only when you do  
Only when you do
