Just forget everything you thought you knew  
Before you came to this place  
I don't want you to fall into  
This hole that we call home every single day.

And as for this!  
I'd rather die  
So saying all the wrong things  
Would be alright.

Don't bother telling me I'm so lost,  
This is how it's been all along,  
I hope you listened to those words  
I should've shared.

They let you know how I never really cared.  
Take what you wanted, another year.

I never thought you'd be the one  
Losing sleep at night, when it all came down  
To me putting up a fight.

So unreliable, jaded and confused.  
You never thought it through  
When it came down to me and you.

Don't bother telling, I'm so gone,  
This is how it's been all along,  
I hope you listened to those words  
I should've shared.

They let you know  
How I really never cared.
