Here I can smell the rain  
And the city underneath 4 a.m.  
It makes no difference to me  
It's all below my feet  
If desire was a reasonable friend  
I would be imaging this  
But Saturday has left a vaccum up here  
I'm just glad I lfet

I tried to adjust to it  
The violence had me erected but none the less cold

Walking up the stairway eleven floors into the  
appartement  
And well inside another world...

However deep your empathy goes  
It's hard to get carried away  
By drunken confessions  
I feel a strange relief knowing  
I have ruined everything....
