Born and raised in a racist world
The media it makes me hurl
Being told just what to think
Being told to sit and drink

Drink of poison, drink of lies
You will see that I wont hide

I will stand, and I wont beg
I will fight it till I die

Told to conform, told that I'm wrong
While news agencies blame it on "black" crime

Freedom of speech, where are our rights?
Thrown out the door for capitalist ties

Ties of intrigue, ties of deceit
Dance in the flames of what imperialists think
Nations building, nations hate
Burn your flag, don't play patriot games

When I look at all the kids
In the streets, in the pits
All I see is fucking hate
That's destroying how they live

If war is patriotic
Then what the fuck is peace
If hate is just genetic
Than what the fuck is love

With all of the lies that are infecting me
I been hypnotized by the land of the free
Now don't try to tell me that I'm just anti
Go ahead, try and hate me

If injustice is considered service
Than what the fuck is safe
What the fuck I'm saying is
We must change our ways
We don't want the fucking hate

Don't wanna face it everyday
From Iraq to Iran
Your King Georges number one fan

Hate
Destroys us all.
