Worthy of time spent
His life painlessly departs
Gone from their immaculate mankind
Tearful hours replete
All their sorrow filled hearts
But unexplained voices start corroding minds
The sky becomes gloomy
Distorted images become thoughts
Corrupt silence engulfs his resting place

Minds so distraught
On who inherits what
Silent craving will cause their debase
Emotionally drained loved ones
Together one more time
For the dividing of his estate
The pain and the sadness
Is on the outside
But deep down inside
You know they can't wait

For each desire the old man's riches
They'll possess them at any price
The old man's last will and last wishes
Have become a human sacrifice

They have become obsessed with greed
Inside his soul he had seen
Benefit of doubt he gave
The secrets locked inside his grave

All eyes turned
The will was being read
The greed turns to disbelief
For nothing was left
They disposed of it all
The old man's soul it was relieved
He'd foreseen their nature
Their selfishness burns deep
Deep down deep down
Inside their souls
