I'm itching and scratching,  
The body it's sickness,  
I'll tell you the difference you're misogynistic,  
You're making me sick,  
With all of your shit,  
Wasting my time, you're such a prick  
Beat up the town with your stupid fists,  
I got more brain in my thumbs than you got in yer head.

Went to the show just to punch out a girl,  
Maybe pick on a black cause your a racist ass,  
Sing along to your unity song,  
But your just the type that denies that your wrong,  
Infecting the scene like a fucking snake bite,  
Walk away from your team cause you're not worth the  
fight,  
Reppin you're punk my opinion you stunk  
You're just a jock and it ain't a shock  
Now we're sick of it all, CE ended this fall,  
There's no fun anymore kids knocked on the floor,  
I'm so sick of this you're a worthless piece of shit,

No we don't want more  
I'm itching and scratching,  
The body it's sickness,  
I'll tell you the difference you're misogynistic,  
You're making me sick,  
With all of your shit,  
Wasting my time, you're such a prick

Rolling in your Escalade,  
Destroying what we got,  
If we get knocked down,  
Then ya get the fuck up,  
And that's how ya rise to the top,  
Every single day we got something to prove,  
But most of us are walking around with nothing to lose.

Desensitize your body and mind,  
Beat on a kid till he's bloody and cries,  
Makes you feel like a man,  
It makes you feel all your pride.
