Can you hear?  
Her heart is running  
Running away from the love  
She shared  
And she's always taking  
Too much time  
Thinking 'bout herself

As her heart began to cry  
She was in need to realize  
That there's something  
On her mind

And she's dreaming on and on  
The dreaming beauty comes undone  
She will never be alone  
And she's dreaming on and on  
The dreaming beauty comes undone  
She will never be alone  
As long she's dreaming

She's a working tiny girl  
Saving money to buy her love  
I hope she never forgets to put on  
Her lovely shoes made of glass

And her best friend, cold mirror  
Is the ecstasy for life  
I bet she's always Mrs. Princess  
Waiting for Mr. Right

And she's dreaming on and on  
The dreaming beauty comes undone  
She will never be alone  
And she's dreaming on and on  
The dreaming beauty comes undone  
She will never be alone  
As long she's dreaming

Always dreaming  
Always dream

Always dreaming  
Always dream

Always dreaming  
Never forget the day  
Where we had shared our love

Always dreaming  
Always dream  
Always dreaming  
Always dream  
Always dreaming  
Yesterday

And she's dreaming on and on  
The dreaming beauty comes undone  
She will never be alone  
And she's dreaming on and on  
The dreaming beauty comes undone  
She will never be alone  
As long she's dreaming

And she's dreaming  
And she's dreaming  
And she's dreaming  
On and on and on and on  
And she's dreaming  
And she's dreaming  
And she's dreaming  
On and on and on and on
