"Wasteland"

From the album "What The Mind Perceives"
Distorted hollow visions of my inner mind evolve
Emitting psycho energy
Wounds of degradation and self-conflicting mental
pain
Given up on all freedom for dark vivid imagery
I've watched my utopia shatter
Into bits of insanity
Inside my dreams i feel safer
Do not awaken me

My eyelids close
Nightmare unfolds

Welcome to my wasteland
It's the hell, that's inside my mind
I open up this to you
For you to see why i am dying

Creations from inside my dreams invade my thoughts
The voices tell me what to do
Servant to the dreamworld, i listen, i listen well
Show them no sign of freedom, or soon they'll be
inside of you
Creating visions of the macabre
The faint whisper taunting me
The storyline has now evolved
I'm suffering internally

My anger flows
Nightmare unfolds

Welcome to my wasteland
It's the hell, that's inside my mind
I open up this to you
For you to see why i am dying

Broken, battered, and lying on the floor
I awake to find myself still alive
How i wish to be tortured again
Take me back to the place where my sanity died
