Seems like yesterday  
The world has lost it's innocence  
It feels like all is gone  
And I am fallin' away

The old man turns away  
I guess he thinks  
There's no more time  
The young one takes it all  
And will be cheated again

No one's there to tell me why  
And no one lives without a lie  
In fear  
Just feel  
Why we're here  
No one can understand  
We're far away from fall in grace  
Time to

The struggle in my mind  
Will last for all eternity  
Being someone else  
Would be a pleasure for me  
How can I decide  
To find the right track in my life?  
Depression takes a ride  
My final sacrifice

No more dreams to dream  
No more feelings to feel  
No more love to give  
Destination's end

No one's there to tell me why  
And no one lives without a lie  
In fear  
Just feel  
Why we're here  
No one can understand  
We're far away from fall in grace  
Time to

Destination's end  
Destination's end  
Destination's end  
Destination's end  
Destination's end  
Destination's end
