I awake inside myself  
Seeing nothing but black  
Seeing nothing through all the darkness  
Can't breath, can't see  
Can't feel a thing  
What's happening to me  
I turn around  
I see a light  
What lies beyond  
What lies inside  
Can't breath, can't see  
Can't feel a thing  
What's happening to me  
Entwined together  
Harvest angel  
Break the cycle  
Turn the tables  
The suicidal dreams  
That run through my head  
I get the feeling if I don't wake up  
I'll be dead  
I'm ready to see  
That this is real  
I'm ready to wake  
Before I desensitize my fate  
The anger inside of me  
Won't change a thing  
Someone release me  
And take me home  
Another chance, another life  
Just give me, one last time  
To make things work  
To make things right  
Just give me, one more  
Still awake inside myself  
Feeling nothing but guilt  
Feeling nothing through all the dark times  
Death sees, through me  
My greatest fears, are coming to haunt me

Destroying lives, betraying friends  
For what it's worth, I'll make amends

Death sees, through me  
My greatest fears, are coming to haunt me  
Entwined together  
Harvest angel  
Break the cycle  
Turn the tables  
The suicidal dreams  
That run through my head  
I get the feeling if I don't wake up  
I'll be dead  
I'm ready to see  
That this is real  
I'm ready to wake  
Before I desensitize my fate  
The anger inside of me  
I'll leave behind  
Someone release me  
And take me home  
Another chance, another life  
Just give me, one last time  
To make things work  
To make things right  
Just give me, one more  
(I wish I could change things)  
(why can't I see)  
(someone release me)  
Release the bloody rage  
And strive to overthrow  
Everything I used to be  
And accept what I've become  
Another chance, another life  
Just give me, one last time  
To make things work  
To make things right  
Just give me, one more
