From the album "What The Mind Perceives"
Enter the realm of my subconscious mind
And you will find a shadow
A shade of what was left behind
Immunity to hate and lies
The overwhelming pain inside
Broken down i arise
For all to see, souls of the weak
Drowning in my dreams
The hate, hypocrisy

You can't hurt me
You don't even know my pain
You can't possess me
I will rise above the weak

My body is numb, from this way that i live
Inside a spiteful prison
There's nothing left surrounding me
Impurity will set me free
Sadistically i now believe

I'm now god in my eyes
For all to see, souls of the weak
Drowning in my dreams
The hate, hypocrisy

You can't hurt me
You don't even know my pain
You can't possess me
I will rise above the weak

I've been to hell
And i can handle more
I will rise

I will arise, i will not fall
I will not break, i will not fold,
I will not beg, i will not plead,
I will not fall pray on my knees

You can't hurt me

You don't even know my pain
You can't possess me
I will rise above the weak
