"The Sick"

From the album "What The Mind Perceives"

As soon as death sets in
The body rots
Waiting for the maggots
To eat the skin off
The decomposing remains
Now reek of decay
Covered in insects
The body awaits the

Maggots
Ripping at your cunt
Bleeding
Open wounds dripping pus

The sick have come
Spreading disease
Behold the rotting flesh
All gathered here to eat
Innards exposed reeking
The white worms are feasting
Covered in insects
The body awaits the
Maggots
Ripping at your cunt
Bleeding
Open wounds dripping pus

Infestation
Of the insects
Decomposing
Worms of disease

Swarm of the maggots
Ripping out your cunt
Demons of dying pray
The wound exposed dripping pus

All that's left of the body
Is the stench and all the bones
Maggots devour everything except the human soul

No skin is left
No rotting flesh
The soul is free
Post-mortem murderers
