Who is the girl who's got bad on her mind
Who thinks evil thought with a smile and a wink
Who's the girl with a plan to mess up mankind
Me, I'm the lady in pink

Lady in pink, lady in pink
She's bad, she's evil
And I'm worse than you think
Me, I'm the lady in pink

Who is the girl who never plays nice
And wishes that all rubber duckies would sink
Who interrupts people and never thinks twice
Me, I'm the lady in pink

Lady in pink, lady in pink
She does terrible things
Even worse than you think
I'm the lady in pink

She's selfish and cruel and I totally rule
She stops at nothing to win
She cheats and she lies, I don't even like pie
When there's bad to be done come to me

Those containers, you better forget it
They'll be mine before you can blink
Wherever they are you can bet who'll get them
Me, I'm the lady in pink

Lady in pink, lady in pink
Ain't she totally evil? Now what do you think?
Lady in pink, lady in pink
Me, me, me, me, me, I'm the lady in pink
