Uniqua:

Today the crew of the space shuttle prepare to head
for the stars
Me and my fearless astronaut team are of on a mission
to Mars.
We've got and important assignment
A really significant goal.

Austin:

Find out what's making that Boinga sound

Pablo:

And report back to Mission Control

Uniqua, Pablo and Austin:

We're going to Mars
We're going to Mars
A mission is what we've got

Pablo:

We're gonna say 'roger' a lot

Uniqua, Pablo and Austin:

We're going to Mars
We're going to Mars
We don't know what lies ahead

Pablo:

But we do know the planet's red

Uniqua, Pablo and Austin:

We're going to Mars

Austin:

What will we find when we get there

Pablo:

Probably some dude that is red there

Uniqua:

And probably some risks we'll have to take

Tyrone:
The future of space explorations at stake

Tasha:
With singing and love we're gonna save

Uniqua, Pablo, Austin, Tasha and Tyrone:
It's time to get going before it's too late
We're going to Mars
We're going to Mars
We're going to Mars
We're going to Mars
We're going to Mars

Pablo:
Blasting into outer space

Austin:
With no idea what we'll face

Uniqua, Pablo and Austin:
We're going to Mars

Tyrone:
I'm Tyrone of Mission Control
Where we manage the operation

Tasha:
I'm Tasha and I do radio stuff
I handle communications

Tasha and Tyrone:
We stay in touch with the flight crew
Follow them on the display

Tyrone:
They'll radio us with questions
We'll say 'roger' and 'A-OK'

Uniqua, Pablo and Austin:
We're going to Mars
We're going to Mars

Pablo:
Flying through the great unknown

Austin:
My helmet's got a built-in phone

Uniqua, Pablo and Austin:
We're going to Mars

Tasha:
It's millions of miles away
But if you leave real soon

Tyrone:
The shuttle will shuttle you there today
Just hang a right at the moon.

Uniqua, Pablo and Austin:
We're going to Mars
We're going to Mars

Uniqua:
Out in space the gravity's gone

Tasha and Tyrone:
So please keep your seat belts on
We're going to Mars

Uniqua, Pablo and Austin:
We're going to Mars
We're going to Mars
