Don't don't don't write your goodbyes  
If you don't know where you're running to  
It feels like every time I  
Get close I lose a bit of you

I guess I'll never get it  
The way you do  
I guess I'll never get it  
It's up to you

I can't find the words to say....

But if you wanna stay  
Then I'll be all right  
And we'll forgive like lovers  
Forget like lovers

Well I know that seasons changing  
I'll change if change is what you need  
Why would you stop a good thing  
If you know that thing was meant to be

I guess I'll never get it  
The way you do  
I guess I'll never get it  
It's up to you

I can't find the words to say...

I can't look the other way...

But if you wanna stay  
Then I'll be all right

And we'll forgive like lovers  
Forget like lovers  
But if you wanna go  
Then hold me tonight  
Just wait till the morning  
Wait till the morning... untill you

(Guitar solo)

Every thing we thought we'd be  
Is gone  
Is gone  
Is goooone

Just stay, and I'll be all right  
And we'll forgive like lovers  
Forget

But if you wanna go  
Then hold me tonight  
Just wait till the morning  
Wait till the morning

Wait till the mooornaaaiiing!

Mooornaaaiiing!

Lyrics Interpreted by - Kenneth Howerton - June 2008
