I'm biting my tongue from all the right things to say
Hey Hey - I've seen it all
In found I'm always on the edge of where I wanted to
be
Another opportunity to leave in front of me

Suddenly finding any excuse to go
Oh oh - I gotta know
Cause I can't sit back and watch him
Be where I've been

I'm all over you
I'm all over you
My mind is on the trigger
but you know I ain't through with you.

I'm taking my chances holding my breath tonight
Let's try - To get it right
That is unless you're gonna run around and do it again
You bring your cheap lines baby till the bitter end

So what do I do when everything starts to show
Oh oh - I'm letting go
But everytime I touch a phone, I dial your number and I
I gotta find a way to keep it under cover cuz I'm
Under your skin - and better yet

I'm all over you
I'm all over you
My mind is on the trigger
But you know I ain't through with you.
I'm all over you
I'm all over you
My heart is on the trigger
But you know I ain't through with you.

Uh-oh Uh-oh Here we go
Uh-oh uh-oh
Uh-oh uh-oh Here we go
Uh-oh uh-oh

I'm all over you

I'm all over you
My mind is on the trigger
But you know I ain't through with you.
I'm all over you
I'm all over you
My heart is on the trigger
But you know I ain't through with you.

I'm all over you
I'm all over you
My mind is on the trigger
But you know I ain't through with you

Lyrics Interpreted by - Kenneth Howerton - 2008
