For you I'm a good for nothing woman:  
Red lips, red leaves.  
Fall on my knees like autumn.  
I miss cigarettes every single day of my life.  
When you make love to me,  
I close my eyes and pray you'll say "goodbye".

Damn! She's dawning on me!  
Finally dawning on me.  
She's dawning on me, she's beautiful!  
It's not that you don't know what love means,  
It's just that you do not love me...

Cold wind whispering in my lonely ear,  
Telling me that heartbreak is drawing near.  
You so hungry, baby, you'll eat anything on your plate.  
Guess you don't go home no more,  
Cause you got a secret date.  
You gotta hit me on the head a few times.  
So blind with wishes, I can't see past your smiliness.  
I miss Nick-o-liss every single day of my life.  
Gimme back all my DOA records, or I'll show you right!

Damn! She's dawning on me!  
Finally dawning on me.  
She's dawning on me, she's beautiful!  
It's not that you don't know what love means,  
It's just that you love her and not me...
