One more this is the one i don't think you
like....ready?.....alright!
He keeps looking at me with his groping watching
eyeballs...GROSS
We women we are suppose to just drop are eyes and
be quite,
Just don't look at the gross, gross, man and...
Hope he quits ogling.
Believe it or not i wanna flip him the bird ya know!
But i don't!
Cause we women don't.
Once i gave the finger to a bunch of construction
dudes
And they were yelling really bad stuff about my
Cookie
It just got em all rowel up and then they yelled "dyke"
And i had PMS so i cried all the way home
Gross, gross, man...
Still gawking as i sit here writing
Gee, what's he thinking?
Maybe I'll invite him up to my
SEX DEN
And he can fondle my boobies?
YEAH RIGHT!
Stupid gross man quit starn'
Gosh he wont let up,
It makes me feel really uncomfortable
I wish i could just crawl under a rock.
Cause we women
We are just suppose to feel bad about are selves
Like were doing something wrong,
IM NOT I SWEAR!
Being we women sux!
FUCK YOU!
