Ha, ha, yeah
Big Bub, nine seven
Yo, Latifah, do you

We used to dream of a nice hot cruise for weeks
While my high sex drive rocks you to sleep
Watching mystic continuously
Your stock rose immediately when you was with me
You wanted the lace, the leather

Since the days I had the Jetta
You chased the cheddar and like whatever
We face and whether Double Ballers
They ain't no playa's till they saw us
Pushing the tall bus, tell 'em we're twin Porsche's

Girl, I am diggin' you, you're diggin' me
Let's make this happen
The things I want to do to you
Your mind just can't imagine

I want to show you bigger faces
Take you different places
I need you in my life
So, baby, won't you be my lady

I want your love
(Yeah)
I need your love
I need you with me
I want your love
(Yeah)
I need your love, oh, baby

I'm on another level
Can't you see that I'm no player
Meet your desires
Take you higher like an elevator

And here's the bottom line
No one can ever love you better
If you like what you're hearing

Girl, let's get together

I want your love
(Oh yeah)
I need your love
I need you with me
I want your love
(Yeah)
I need your love
I'll give a million dollars to have you, babe

I want your love
(Oh yeah, yeah)
I need your love
Because I need your love, yeah
I want your love
(Oh yeah)
I need your love
Heavy, heavy, heavy, yeah

Hey, yo, boo
You take some time and vibe with me
Now jump in the car and ride with me
She said, water bed, I like when you inside of me
'Cuz you belly all big and you so fly to me

Now shorty takes trips and various whips
Her phone flips likes style lavish
Playin' the cabin, word the mother
That's my nigga, Big Bub
I want your love, I need your love

Whoa, baby, yeah
I want your love
(Yeah)
I need your love
I'll give a million dollars yo have you

I want your love
(Yes I will baby)
I need your love
(Know I will be there)
Ohh, I need your love

I want your love
('Cuz I need your love)
I need your love
('Cuz I need your love)
I want you in my life, baby

I want your love

(Yeah)
I need your love
Baby, baby, baby, follow me
Because I need you
Gotta have your love, I need you

I want your love
I need your love
(Ooh yeah)
