I've heard of social climbing and I've heard of bad timing  
But I haven't heard it all before  
Do you wanna rock? Do you wanna roll?  
Do you wanna get down on the floor?

All of the above, I'm falling in love  
Anything goes now, everyone knows how to throw a party  
We're gonna find one tonight  
We're gonna show them what we're made of

All of the above

I've seen a lot of faces and I hear a lot of voices  
But never one as sweet as yours  
Do you wanna carve my name into a wall  
Right next to yours inside the shape of a heart?

All of the above, I'm falling in love  
Anything goes now, everyone knows how to throw a party  
We're gonna find one tonight  
We're gonna show them what we're made of

All of the above  
Fallin' in love  
All of the above  
Fallin' in love

With you  
With you  
With you  
With you

I'm dropping out 'cause I've seen what it's about  
And I know there must be something more  
Do you wanna rock? Do you wanna roll?  
Do you wanna get down, get down, get down?

All of the above, I'm falling in love  
Anything goes now, everyone knows how to throw a

party  
We're gonna find one tonight  
We're gonna show them what we're made of

All of the above, I'm falling in love  
Anything goes now, everyone knows how to throw a  
party  
We're gonna find one tonight  
We're gonna show them what we're made of

All of the above  
All of the above  
All of the above

Get down, get down, get down  
Get down, get down, get down  
All of the above  
Get down, get down, get down  
Get down, get down, get down  
All of the above
