I know I could have you
But only if you want me to
You planted the seed in my mind
It's growing up big and strong in no time

You really got it going on
Sitting in your bedroom
Watching the hair falling over your face
Baby, you put my heart back in its place

And I'll tell you what, I'm ready now
You're doing something for me
Do I do it for you?

Do you know what you want?
Do you know what you want?
Do you know what you want?
'Cause baby, I want you, yeah, I want you!

We really started something here
You're looking at me I'm looking at you
And neither of us know what to do

It's outta control, it's outta reach
It's a mystery, its a crime
Try to figure it out, is it love?
I don't know, is it?

But I'll tell you what I'm ready now
You're doing something for me
Do I d-d-do it for you

Do you know what you want?
Do you know what you want?
Do you know what you want?
'Cause baby, I want you, yeah
I want you

Do you know what you want?
Do you know what you want?
Alright

Two eyes you are
Two eyes you be
I see you are
Two eyes for me

Do ya, do ya, do ya?
Do you know what you want?
Do you know what you want?
Do you know what you want?
Yeah, 'cause I, 'cause I, I want you
Yeah, I want you

Come on, you make it easy for me
If you know what you want
Know what you want
I want you, yeah I want you

Come on, you make it easy for me
If you know what you want
Know what you want
Know what you want
