[Big Daddy Kane]

Who's that smooth fellow flowin to this tune?

* Mister Cee scratches "Big Daddy" * Back so soon?

The fact is, I never left

Cause I'm everlastin and my rhymes keep blastin

Soon as I pick up the pen and relate it to paper

that's the beginning

And for you Filthy McNasty MC's, that's the ending

Cause when I grab the microphone just like a gun

You know them doo-run-run-run, them doo-run-run

Heh, I'm not your ordinary lyricist

None'll compare at this, as far as raps, pssh,

I'm takin care of this

I work the stage like a slavehand

And keep the girls screamin just like Captain Caveman

I did shows at the same arena that held Ike and Tina

and the Chi-Lites, song have you seein her

puttin me on after Jennifer Holiday, ain't no thing

Because I still come off, after the fat lady sings

Set it off Kane, get busy

* repeat 4X *

[Big Daddy Kane]

Here we go, Shalamar style

That means the Second Time Around so pump the
sound

As I progress to bless the mic and strike the stage

Enraged arouse the crowd to jump and pump their fists

and twist their waists with grace and clap and snap

and move and groove cause I'm still, so, smooth

If you compare the Big Daddy to a Caddy

I'd be an Allante, suave as Belafonte

Interplanetary and extraordinary (hmm, what about
poetic?)

Mmm, very!

I've even heard it said that I was the ultimate

Welllll.. maybe just a little bit

And competition I'll explain to them
that this don't even pertain to them
to try to flow like this will crack your cranium
So to the rear and let the Prince of Darkness spark this
like a vampire, bloodthirsty, uhh, have mercy

Set it off Kane, get busy

* repeat 4X *

..

[Big Daddy Kane]

As we enter into the third half, for this paragraph
I wanna take all of the people that's leaping along with
this tune
to another plateau they never been too -- as I continue
with somethin funky to get into
Give me a James Brown, Funkadelic, or Prince beat
And watch me turn the microphone to minced meat
I tear the roof off the mother as soon as my lips pucker
cause I'm a bad mother *TWEET!!*

Set it off Kane, get busy

* repeat 8X *

[Kane] I'm a baaaad man!
