Cause I came back for these troubles to grab me

And they've gotten a hold on me

My oh my, things ain't what they used to be

Looks to me like eastside got problems

Now it's time to see what we can do to solve them

Change for the better, letter

New rule be enforced in school so we can get rid of

All the bad apples in the bunch

Clean up the wall and cook better lunch

Put the students in class where they should be

To stop roamin the halls, and oh could we

Please, eliminate the drug situation

Stop smokin and get an education

Point blank, let's change the whole scenery

You need help? well hey, lean on me

"just lean on me" -> kane \*cut n scratched\*

"lean on me!" -> 2x

"whattaya do in a situation like this? "

"special mix"

"goes a little somethin like.. like.."

[big daddy kane]

Whattaya do in a situation like this?

Get tough - or get dissed

The job is yours to play the boss enforce the laws

Because the source is knowledge, wanna go to

college?  
Or wannabe garbage?  
It's up to do so what you gonna do  
I-i prefer to learn, cause this is for your own concern  
You gotta-you gotta earn, however the world turns  
So wake up-wake up, to put some sense in your head  
Don't be-don't be mislead, use your brain instead  
Because-because a brother like me, can't understand  
you  
Playin yourself cheap, like a soggy old pamper  
Since i'm-since I'm around, I'm destined and bound  
To resurrect and perfect the entire school around

The whole-the whole entourage, a class so large  
Under joe clark, "i am the head [nigga] in charge!"  
The man-the man with the master plan for discipline  
Makin changes-makin changes, no matter what we  
twist or bend  
You may not-you may not understand what this mean  
to me  
But for your-but for your own good.. just lean on me

"just-just-just-just"  
"for your own good" "special mix"  
"you may not understand what this mean to me  
But for your own good.. just lean on me"

"just lean on me" -> \*cut n scratched\*  
"big daddy kane, a teacher.." (4x)

"special mix"  
"goes a little somethin like this!"  
.. "special mix" (2x)  
"goes a little somethin like.. like.."  
"big daddy kane, a teacher.." \*cut n scratched 2x\*  
"..teachin a lesson" \*cut n scratched 2x\*  
"..teachin a lesson to be heard, that's word"

"can I hear a yes? " (2x)

[big daddy kane]  
"can I hear a yes? " yes! "why? " things are better  
And we are finally, workin together  
In unity, and you're soon to see  
Eastside high as a better place to be  
The students, the pupils, have morals and scruples  
Our learning ability is increased quadrupled  
And we're off to a brand new start  
I played my part to prove that you're smart  
And it's proven, but I ain't movin, I won't be gone  
I'm here, when you need someone to lean on

So take heed to this as a blessing and remember..  
Ain't no "half-steppin"  
Get in full gear, I'm sure that you'll care  
In the long run, when you got pull here  
That means authority  
"r-e-s-p-e-c-t" word!  
So let knowledge uproot ya  
Go for yours, cause we are the future  
The ones who rise to supremacy  
And if you ever need a hand, just lean on me
