[Kane]

Question.. what has he done, for you lately?
Tell me.. do y'all go for walks on the beach?
I just wanna know, if you had dinner at the pond
or the drive-through at Mickey D's
You say the last movie y'all saw was Jaws? Mmm
Well never fear baby, the Big Daddy is here

I come up upon the scene to romance thee
with a little bit of T.L.C. to tickle your fancy
Give you protection, warmth and affection
Make sure you never feel any rejection
Without a doubt, I admire you, I have a desire to
be a more better man prior to
your past relationships, you've been datin
with all the wrong gentlemen, I'm more sentimental
in my own little way so (HEY!)
Whattaya say about givin a play okay?
Cause I'm not here to impress you, I wanna caress you
posess you and bless you, nevertheless
to make you feel secure, and real sure
Mon cheri amore, pretty woman I adore
Don't shed a tear never fear my dear I'll be there
anywhere with some Tender Lovin Care

Chorus: repeat 2X

Just a little bit of T.L.C.
Tender Lovin Care you'll get from me
Just a little bit of T.L.C.
Tender Lovin Care is what you need

[Kane]

In the beginning I only wanted to be your friend
but then..

It may sound strange, but my feelings started to
change
And now I wanna sustain..
somethin more closer, give you the most of my love
and my time and respect as opposed to
sayin she's "Just a Friend"

I may sound like Biz, but you know what time it is
I want us to be together and benevolent
with reverence to give you the best relationship there
ever been
So consider me as as as as as a-a-as your lover
Damn baby, you make me stutter
But I'm still able to, clearly say to you
things that I feel *smooch* and kiss your navel too
Givin much T.L.C.
as I make love to you constantLY

Chorus

[Kane]
May I?
He ever treat you with the
proper amount of chivalry, would be so, mmmm
Break!

* just the drums for a bit *

Bass!

* bassline comes for a bit *

* music by itself comes in, then.. *

[Kane]
I hope to form a special thing that we can cherish
Everlasting, it won't perish
Establish a special thing that's based on love
and trust, in other words, it's all about us
You won't have to ever search for Tender Lovin Care
Cause for you I got it right here
You'll never find none greater
Sincerely yours,
The Smooth Operator
