Curious intentions fill my heart with sin
Makes me feel like I got uh, plenty hell to raise
And I'm about to begin
Livin' the life right out of a dream
Adding coal to the fire of my self-esteem
Glorious inventions
Fill the world with fear
All the lies that confide my mind
They make it crystal clear
Livin' the life right out of a dream
Adding coal to the fire of my self-esteem
It's not my fault that I had to deceive
But I got that way
And all I did was believe
Livin' the life right out of a dream
Adding coal to the fire of my self-esteem
It's not my fault that I had to deceive
But I got that way
And all I did was believe
