Saturday night  
just got paid  
I'll make my exit to the city  
I'm on a high speed getaway  
Reach my hand in the bag  
and I'm ready to roll  
Out on the run  
Out of control

This time I'll take the exit  
This time I'm getting off

Lookin for somethin  
I'm lookin over the lights  
I'm on a buuuuuuuurn  
I'm gonna fuck a fight  
Get it into my head  
get it out of my head  
we're comin for you  
i said, we're comin for you

This time I'll take the exit  
this time I'm gettin off  
(come on)

Out of my bag  
ready to roll  
Out on the run  
Straight to my head  
Out of my head  
onto the lights  
(all right)  
Exit to the city

Saturday day night X4
